

November 22, 2006

DSA Structural Safety Stakeholders

This is the sixth letter in our continuing effort to keep our Stakeholders informed of the 2006 Rulemaking Cycle, which includes the adoption of the 2006 International Building Code (IBC).

The California Building Standards Commission has announced a 45 day public comment period regarding proposed changes to Part 5 of Title 24 (The California Plumbing Code). Written comments will be accepted from November 24 until 5 pm on January 8, 2007.

The attached notice from the BSC explains the comment submission process, and details the agency proposals in Appendices to the notice. The DSA proposed actions are listed in Appendix C.

Please read the Building Standards Commission announcement, and visit the BSC web site at http://www.bsc.ca.gov/prpsd_chngs/pc_06_comment.html to see the Part 5 Express Terms .

Best Regards

DSA Structural Safety
